Classic Poster SwingFrame vs. Wide-Face Poster SwingFrame

Classic Poster SwingFrame

Wide-Face Poster SwingFrame

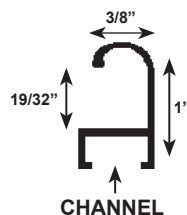

Classic Poster SwingFrames come with a 3/8" Wide Moulding and a Matboard. This classic round profile face is designed to display all kinds of printed materials including; posters, graphics, photography, artwork, and documents. Matboards are used to provide a design element you see in most custom frames. These decorative Matboards also conceal the SwingFrame hinges and hardware. Standard sizes up to 40" x 60".

Wide-Face Poster SwingFrames do not require Matboards. These 1" wide metal profiles, **designed by Swingframe Mfg.** has a slightly curved profile which gives it a clean contemporary style. It provides designers with an option for those design projects that do not require the added element of a Matboard. The wider profile helps hide the hinges hardware necessary for the SwingFrame. This frame fits comfortably in a wide-range of interior design applications, including corporate, retail, POP, exhibit, museums, government and institutions. Standard sizes can up to 48" x 96" (4 feet x 8 feet).
